

July 9, 2014

Address

STATE PROJECT: 37764.1.1 (U-4434)
COUNTY: New Hanover
DESCRIPTION: Proposed Bridges on Independence Blvd. Extension form Randall Parkway to Martin Luther King, Jr. Parkway over the CSXT 'ACB' Line
SUBJECT: Project Scoping

Dear:

Please find attached preliminary roadway plans for the subject project.

We request the following information in order to begin preparation of structure plans for the project:

1. Please verify the line designation and milepost shown in project description and indicate the direction of increasing mileposts.
2. How many trains operate through this site daily and what is their average speed? What is the anticipated future train traffic?
3. Please indicate the need for future tracks or service roadways (if any) at this location, how should they be spaced, and where to be located with respect to the centerline of the existing track(s)?

The project is currently scheduled in the June 2014 letting.

If you have any questions or concerns, please contact Mr. Allen Raynor, P.E. at (919) 707-6403.

Sincerely,

G. R. Perfetti, P.E.
State Structures Engineer
