Implementing Eco-Logical Streamlines and Benefits Transportation through Integrated Planning

1. Build and strengthen collaborative partnerships and vision
2. Characterize resource status and integrate natural environment plans
3. Create Regional Ecosystem Framework (REF) (conservation strategy and transportation plan)
4. Assess effects on conservation objectives
5. Establish and prioritize ecological actions
6. Develop crediting system
7. Develop programmatic consultation, biological opinion or permit
8. Implement agreements, adaptive management and delivery projects
9. Update REF and plan

Contacts
AASHTO Contact: Kate Kurgan, kkurgan@aashto.org
FHWA Contacts: Michael Lamprecht, Michael.lamprecht@dot.gov; Marlys Osterhues, marlys.osterhues@dot.gov; Dave Williams, david.williams@dot.gov
Look for these upcoming Implementing Eco-Logical tools and resources:

- Implementation assistance funding for Lead Adopters and User Incentives
- Self-assessment survey
- On-call technical assistance team
- Eco-Logical starter kit
- Practitioner’s handbook
- Training workshops and peer exchanges
- Case studies
- Additional training and outreach
