Chart 1: Bridge Related Performance Specifications

- Bridge Performance Specifications
  - Bridge Decks
    - Cast-in-Place
    - Precast
      - DBB/DB
      - DB/DBB
Chart 2: Geotechnical Performance Specifications

- Geotechnical Performance Specifications
  - Roadway Ground Improvement
    - Proof rolling/mapping (RICM)
  - Earthwork/Pavement Foundation
  - Vertical Support Elements
  - Other R-02 Applications
    - Subsurface Improvements for Existing Pavements
Chart 3: Work Zone Traffic Control Performance Specifications

- Minimize Construction Duration
  - Overall Time
  - Critical stages
  - Travel Time
  - Traffic Volume
  - Queue Length
  - Short-term Closure

- Minimize Delay
  - Incidence Clearance
  - Impacts of Detours

- Maintain Access/Mobility
  - Noise
  - Light

- Ambient Impacts
Chart 4: PCC and HMA Pavement Performance Specifications

- Flexible
  - DBB
  - DB
  - DBW
  - DBM

- Rigid
  - Cast-in-Place
  - Modular Precast

  - DBB
  - DB
  - DBW
  - DBM
