ADOT R16 Proposals

Improved coordination on Design Build (DB) projects

Bell Road TI DB Project

- Remove existing at-grade crossing
- Provide grade separated 8 lane bridge
- Move from Design to CNST in 1 year

How we did it

- Quarterly Meetings w RR
- One-on-one meeting
- Reduced # of Plan submittals
- Modified the Standard Agreement
- Schedule Sequencing
- Traffic Control Plan

When things go bad!

The benefit of partnership with RR

Accident during CNST

Bridge Girder Fall

2 Injured Workers

**CNST resumed
w NO schedule delays.**

Thank you!
